The Board reviewed current rates of COVID in Douglas County and Concordia via the medical advisory committee. Omaha mask mandate extended to 2-23-2021. Only household family can attend extracurricular activities. Indoor events limited to 25% of occupancy.

Rob Cooksey and Concordia's leadership discussed different options regarding school operations which included remaining open, remaining open and canceling extra-curriculars, close school on 11/23 and 11/24 no extra-curricular (state has given 5 more days off this fiscal year), move to virtual learning until 11/30, move to virtual learning and cancel extracurricular activities. The recommendation of school Leadership is to remain open, encourage students to use virtual learning, and continue activities.

The Board discussed these five options and support Concordia's leadership to take 11/23 and 11/24 off with be no extracurricular activity 11/21-11/29.

Will add Shelly Dartmann and Mike Ellis on the medical advisory committee.
